## SHORT SESSION OF THE CITY COUNCIL

Committees on Finance and Public Property Report on Message..

### FATE OF FISHTOWN.

**Fire Committee Recommends Purchase of One Thousand Feet of Hose For The Fire Department.**

The meeting of the City Council last night, as did that weeks ago, consumed but a short time. Most of the business originated in the Board of Aldermen. There was no discussion in the upper board and but little in the tower. Most of the matters presented were of a general nature.

**Board of Aldermen.**

Seven Aldermen were present.

An ordinance, passed by the Common Council January 27, prohibiting the operation of a garage within three hundred feet of any church or place of worship in the city of Alexandria, and which had been laid on the table, was called up.

After having been read the third time, the action of the lower board in adopting the measure was nonconcurred in by the following vote: Ayes, Messrs. Field and Ballenger—2. Noes, Messrs. Brill, Ogden, Fitzgerald, Summers and Mr. President—5.

Mr. Summers, of the fire committee, submitted a report recommending the purchase of 1,000 feet of hose for the fire department, and the report was adopted by a unanimous vote.

Mr. Summers, of the same committee, also presented a report on a resolution asking for information concerning the water supply at the burning of the Bryant Fertilizer plant on the first of February. The report, which will be found in full in the official proceedings, states that the main was too small and that it was impossible to get an engine to the river at that point.

The committees on finance and public property submitted a report on a communication from Mayor Fisher in reference to the future disposition of the fish wharf property. This report will also be found in full in the official proceedings. The report, substantially, recognizes the fact that the property has seen its day as a fish wharf.

The other matters which came before the board were of a routine nature.

**Common Council.**

The Common Council held a brief session last night, during which but little business of importance was transacted.

During a discussion over a resolution directing the fire committee to buy 1,000 feet of hose for the fire department and agreeing to pay for the same during the coming fiscal year, Mr. Sullivan suggested that there was very little use in getting this hose, as the city was unable to get any water to put in the hose.

Mr Howard Smith said that ever since he had been in Council, it had seemed to be a reason to criticise the Water Company in any way. He declared that the people of the city did not seem to be satisfied with the service of the Water Company, but were of the opinion that nothing could be done. He therefore gave notice that at the next meeting of Council, he would introduce a resolution having for its object the compelling of the Water Company to furnish a proper supply of water for fire protection and for such changes in the charter of the Water Company, as may be necessary for the protection of the city.

Mr. Brockett in replying said that he was sorry that Mr. Lambert, who is an official of the Water Company, was not present, as he, Mr. Brockett, felt confident that the Water Company would do everything just and reasonable that the city requested of them.

Mr Bryan said that in a conversation he had held with the President of the Water Company, the President had taken the position that the Water Company was not compelled to furnish the city with an adequate supply of water for fire purpose, but was merely required to allow the city to use such water as it had in its mains whether these mains were 4 inch, 6 inch or 1 inch.

During this discussion the report of the fire committee on the Bryant fire was read and the committee was of the opinion that the trouble at this fire was caused chiefly by a totally inadequate supply of water, and that the engines were also hampered in every movement by an overhead trestle built across one of the city streets. The report was laid over until the next meeting.

The discussion finally coming back to the purchase of the hose, the committee on fire was given authority to make the purchase.

At the opening of Council, Captain Frank L. Slaymaker, of the Alexandria Light Infantry, appeared and was given privilege of the floor. He submitted certain plans and specifications for the improvement of the Armory, and explained them. The matter was referred to the committee on finance and public property without discussion.

Bills from the health department amounting to $44.38, approved by the committee on finance and health, were ordered to be paid, and a number of other bills from the same department were referred to the joint committees.

Permission was given J. F. Hayden to erect a frame kitchen to adjoin his brick residence though no location was specified in the petition. After the permission had been given it was found that the location was 110 Duke street.

The committee on finances and public property to which was referred the Mayor's recommendation that some improvements and changes be made at the fish wharf, asked for authority to prepare such ordinance, with the assistance of the Corporation Council as might be necessary, his ordinance to provide for the lease, sale or improvement of this property as the committee may think best, which was adopted. Mr. Burke made the comment that he was opposed to the sale of the one piece of wharf front owned by the city, and would oppose its sale at all times.

Mr. Smith asked for a report from the street committee on the extension of the sewer on north Columbus street to Wythe street, and Mr. Brockett said that this would be made at the next meeting.

### RIVER NOTES.

**Vessels Which Had Been Laid up for Winter Put Overboard.**

After having been held on the railway at Dean's shipyard at this place for three weeks, the ice in the river not allowing her to be launched, the tug Eugenia, the smaller of the two tugboats belonging to L. E. Smoot & Co., of this city, has been put overboard and will be made ready to return to service with the sand and gravel lighter towing fleet.

The powerboat Adelaide, belonging to Capt. Harry Randall, which has been employed on a ferry route between Washington and the steel plant, has been taken out on Dean's railway for attention to her hull for such repairs as may be necessary to put her in good order for service.

The tug Walter F. Meade, belonging to the Columbia Granite and Dredging Company, which has been at Washington for boiler repairs, has been taken back to Dean's boatyard to be put in good order for service in towing lighters laden with sand and gravel. She will be ready to return to service in a week or ten days.

After having lain idle at Washington for about two weeks on account of the ice the United States fisheries bureau steamer Fish Hawk has left to resume her duties on the lower Potomac and Chesapeake Bay.

Aqueduct Bridge still is in the grip of the ice gorge, and late last night there was no indication of a break. It is generally predicted by rivermen that a loosening of the gorge would result in great damage along the shore.

## GOVERNOR VETOES THORNTON'S BILL

Authorized Jurors to Receive Pay For Service in Alexandria.

### PASS ANTI-JUG BILL.

**Limits Shipment to Cash Individual Buyers to One Gallon Each—Other Measures Passed.**

Richmond, Va., March 11.—Governor Stuart returned to the Senate last night without approval Senator Thornton's bill authorizing the Auditor of Public Accounts to pay certain allowances made to jurors summoned from the city of Richmond to try a criminal case in the Corporation Court of the city of Alexandria. It is the first exercise of veto power during the present administration, and perhaps the first gubernatorial veto since the administration of Governor Swanson.

Under existing law no provision is made for the payment of an adequate amount for mileage of a juror summoned from one county or city for a trial held in another county or city. In the case of the Commonwealth against Louis Hooff, tried in the Corporation Court of Alexandria, a Richmond jury was summoned and was allowed certain amounts in lieu of mileage. Senator Thornton's bill, while failing to specify the jurors or the amounts allowed them, directed that the allowances be paid out of the regular appropriation for the criminal charges of the state.

The Governor returned the bill with a statement setting forth the following reasons for his veto:

"1 The bill fails to state the extent of the proposed charge on the public treasury.

"2. It violates in spirit, if not in letter, the provisions of section 63 and 64 of the Constitution, prohibiting the enactment of special laws in the cases there enumerated.

"3. Realizing that a hardship may be suffered by the jurors in this case it is nevertheless to be remembered that jury service is essentially patriotic in its nature and cannot be placed upon a mere pecuniary basis, since it is merely invariably performed at some cost, both of time and convenience to the citizens."

The following is a summary of yesterday's proceedings of the legislature:

Senate, by a vote of 23 to 14, passes bill for establishment of a coordinate college for women at the University of Virginia.

House, on a tie vote, defeats Gunn antiannexation bill, passage of which would have seriously interferred with plans for a greater Richmond.

House subcommittee on Privileges and elections declined to investigate Myers-Christian incident, on the ground that it was not a matter for legislative action

Senate refuses to suspend rules to pass Saunders antiissuance bill, which means that the matter is dead at this session.

Chairman Weaver, of House Finance Committee, makes severe attack on Former Senator George B. Keezell, of Rockingham, declaring that if Keezell had been a member of the United States Senate he would have been convicted and sent to Federal prison.

Senate by vote of 34 to 3, passes, with minor amendments, House bill providing for tax commission of ter members to recommend tax reform laws to special session of Legislature in January, 1915.

Senate passed Harman-Cannon bill, raising age of consent to sixteen years.

By vote of 56 to 16, the House passes Pennington antijug bill, which prohibits the shipment of liquor into dry territory.

House passes Adams land registration bill, kenerally known as the Torrens system and will be considered by the Senate Committee for Courts of Justice today.

### TRUST COMPANY DIVIDENDS.

**Depositors to Receive Another Five Per Cent Shortly.**

The creditors of the Virginia Safe Deposit and Trust Corporation, the big Virginia banking concern, which went into the hands of the receivers on December 28th, 1910, will receive an additional dividend of 5 per cent on the amount of their claims, within the next few days. A decree will probably be entered in the Corporation Court tomorrow authorizing the dividend.

It will require several weeks to prepare and mail out the checks to the four thousand depositors of the bank.

A large portion of the money to pay the dividend now pending was received from seven directors of the company under a compromise reached with them by the stockholders by which they paid $20,000 in full settlement of the suit against them instituted by the receiver to hold them responsible for the loss of money by reason of their alleged negligence.

Thirty-five percent has already been paid to the depositors, in three payments of twenty, ten and five per cent. Receiver Smith announces that there will be a further payment of from three to four per cent which will wind up the affairs of the concern. It will be several months before this can be done. The total amount due creditors is $575,000.

### DANGER OF SNOWBALLING.

**Young Woman in Philadelphia About to Die From Injuries From Water- Soaked Snowball.**

Anna Kennedy, 16 years old, is in a critical condition in Philadelphia, from being struck on the head with a water-soaked snowball hurled by a 14-year-old boy named Harry Waterhouse. The latter is now in jail.

During the present winter a youth in Virginia had the sight of one of his eyes destroyed by a snowball.

More than one sad case has occurred in Alexandria in past years where sight has been destroyed by this pastime. While throwing snowballs is fun to some, it becomes a dangerous sport when the balls are soaked and allowed to freeze. In such condition they are calculated to cause as much damage as stones.

While snow is on the ground in this city many school girls are forced to run the gauntlets in order to pass through the streets, as bands of boys, unconcerned whether they injure their victims or not, often pelt them with water-soaked snowballs. It is hoped the sad cases referred to above will prove sufficient reminders before other injuries result in Alexandria.

### ALEXANDRIA HOSPITAL.

**By-Law Adopted Enlarging Number of Lady Board of Managers.**

A meeting of the board of trustees of the Alexandria Hospital was held yesterday when the by-laws permitting the lady board of managers to enlarge their number was passed and the names of the new members approved. They are as follows: Mrs. Berryman Green, Mrs. Samuel A. Wallis, Mrs. Walter Roberts, Mrs. Julian Chauncey, Mrs. J. Frank Carlin, Mrs. J. H. Roberts, Mrs. R. J. Yates, Mrs. Ellett, Mrs. Wilkerson, and Mrs Carpenter.

The board of trustees of the hospital was increased, in accordance with the changes in the constitution, by the adding of the names of the Mayor, the president of the Common Council and the Board of Aldermen, who are ex-officio members, Benedict Weil and Isaac Eichberg from the Jewish Synagogue, and James Bayne and T. J. Fannon, from St. Mary's Catholic Church.

### BASE BALL MEETING.

**Cardinals to Arrange Game With Nationals on April 7.**

An important meeting will be held next Sunday evening at the home of Sylvester A. Breen, president of the Cardinal Athletic Club, at which time the schedule will be arranged for this season's baseball games with visiting teams. Plans will also be discussed concerning the game with the Washington Baseball Team in the American League Baseball Park, Washington, D. C., April 7.

## DELEGATE FLAYS FORMER SENATOR

Weaver, of Warren, Delivers Caustic Address on George B. Keezell.

### CAUSES SENSATION.

**Charged with Irregularities —Keezell Goes to Richmond to Answer the Charges.**

Richmond, Va., March 11.—Declaring that Former State Senator Geo. B. Keezell had been guilty of conduct which, had he served in the federal congress, would have landed him behind prison bars, that Mr. Keezell was a manufacturer of false evidence and a man who prostituted his public office to his private gain, Delegate Aubrey Weaver, of Warren, chairman of the House finance committee, arose yesterday to a question of personal privilege and excoriated the "Giant of Rockingham."

Mr. Weaver, after having read a letter addressed by Mr. Keezell to Speaker Cox, in which Weaver was taken to task, said:

"I take consolation to myself when I consider that no statement made by that gentleman can injure me in the section where I am known, and that no statement which he could make would carry either conviction or truth which would be believed by those who know me.

"I charge that in his attack upon me he based his argument upon manufactured evidence, manufactured by the former senator from Rockingham."

Mr. Weaver then said that when Mr. Keezell charged him with being "a malicious liar," the former senator knew that he was falsifying the record and slandering an honest man.

"While my head is hot," said the speaker, "no man can employ such language as that directed against me by Mr. Keezell. I find it doubly offensive when such an attack eminates from such a man.

"I charge that George B. Keezell, former senator from Rockingham county, had he served in the federal congress, would today be behind prison bars."

Mr. Weaver explained that Mr. Keezell had accepted a retainer from the Chesapeake and Western railroad while he was a state senator, that this retainer amounted to $229.06, which amount was taken by Mr. Keezell, and placed in his private pocket."

Mr. Weaver explained that Senator Keezell had been responsible for a reduction in the county levy of Rockingham, which had saved the Chesapeake, Western railroad $229.06 in taxes. That for this reason the railroad felt itself enabled to pay him over this amount, which he had felt himself able to accept.

"When a man is capable of prostituting his public office for his private gain he is not in a position to call any one a liar.

"But the worst is yet to come," cried the delegate from Warren. "When the charges now preferred by me were first printed by a newspaper in Mr. Keezell's neighborhood, he entered suit against this paper. He next proceeded to purchase a majority of the paper's stock. The suit is still pending. This would seem to mean that Keezell is suing himself.

"When, in his letter to Speaker Cox, Keezell charged that I had charged that he had used his position of chairman of the same finance committee to pay himself off as a member of the state fisheries board, he charged me falsely.

"But while I did not bring that charge I bring it now, and, by the grace of God and the records of the general assembly, I shall prove it."

Mr. Weaver then read from section 2082 A-13 of the code prohibiting members of the fisheries board from receiving compensation other than the expenses of their office.

Mr. Weaver then proved from the record that Keezell had been drawing an annual salary of $400 as a member of the state board of fisheries. "And God knows how long he has been drawing it," said the speaker.

In concluding his remarks Weaver asked that Mr. Keezell be requested to furnish a public statement of all moneys and milage drawn by him from the state during his public career.

The letter which called forth Delegate Weaver's attack was recently received by Speaker Cox was signed by George G. Keezell, and was dated March 7, 1914.

Former Senator Keezell reached the city late last night, on his way to a meeting in Norfolk of the new commission of fisheries When nearing Richmond he saw the speech of Mr Weaver in the afternoon paper, and denied the charge made by Weaver.

**Suffrage Amendmenment Defeated.**

## GOV. COLQUITT'S DEFIANT STAND

Border Patrols May be Instituted by United States Soldiers.

### TO KEEP CLOSE WATCH

**Citizens of Rio Grande Territory Believe if Regulars Were in Field the Troubles Would Cease.**

Washington, March 11.—The defiant attitude of Governor O. B. Colquitt, of Texas, may result in a change of the border patrol methods of the Federal government. It was understood today that the President is considering the advisability of ordering some of the troops now at the maneuver camp at Texas City to patrol duty.

Unless the Texas governor agrees to keep his rangers on their own territory it was considered likely that enough troops would be detailed so that Federal regulars will be able to watch every foot of the way from the eastern to the western limit of the Texas-Mexican frontier.

Senator Shepperd and Congressman Garner, of Texas, have both told the President that such action would be welcomed by the people of Texas. Garner in fact, was emphatic in explaining to the President that the best citizens of the Rio Grande territory were a unit in the belief that if the regulars were actively in the field there would be no further friction.

# BLOW TO RETROCESSION

Residents of Alexandria County Meet and Adopt Resolutions of Protest

The Virginia Highland Citizens's Association has protested to Congress against the proposed cession of a part of the county to the District of Columbia.

The protest is contained in a resolution adopted at the last meeting of the association, censuring Congress for mismanagement of District affairs, accusing District authorities of showing no consideration to residents of Washington, and citing a long list of reasons why citizens of Alexandria county would suffer if forced to live under the laws of the District.

In the resolution it is asserted that President Wilson and Congress have been misled into the erroneous belief that a majority of citizens of the county want it ceded to the District. A recent poll, the resolution declares, shows the citizens are two to one against incorporating a part of the county in the District.

The association, composed of some of the most prominent citizens of the county, declares in the resolution that "we believe the best interests of the county lay in the maintenance of the county in its present status and not in its incorporation in the District for the following reasons:

"The people of the District are burdened wtih foolish and childish regulations in great number. Under one regulation every man, woman and child in the District is a law-breaker because the law says no persons shall cross a street except at street corners. The Commissioners once requested Congress to prohibit kite-flying in the District.

"Strict building laws prevent residents from building the kind of homes they want. Drastic smoke laws that would prove onerous to manufacturing interests of Alexandria county are in effect. Strict building regulations require employment of high-priced artisans at prohibitive prices for comparatively simple work.

"District authorities are out of touch and sympathy with citizens of the District Numerous burdensome relations have antagonized the citizenship and tendered to break down respect for law and stifle civic spirit. Three weeks ago District citizens were warned to carefully lock windows and doors at night because of crime prevalence. At that time there were no prisoners in jail in Fairfax or Prince William county and only seven in Alexandria county and no new criminal indictments were returned.

"Under present conditions residents of the county are citizens, have no vote, and some say in their own affairs. This has attracted a citizenship that means more than any advantage resulting from a return to the District.

"No one ever got anything in the District without paying for it, and there is no reason to believe the citizens of the county, would fare any better if the change in government were made. One of the most energetic residents of Washington denouncing the system of land condemnation in the District, said he knew of cases where land had been condemned, costs assesed and collected and no improvements made in five years. He said if the commissioners spent the next twenty-five years without condemning another piece of ground they could hardly put streets now existing only on paper in proper condition

"Assuming that the Federal government will pay one-half of improvements, all improvements are upon such a scale and contracted for at such a high cost that the resultant assessment upon property in what now is the county would be more than if the county made all reasonable improvements itself

"It took an act of Congress to prevent the establishment of a reformatory near Mount Vernon. Since the penal institutions of the District already have been located in Virginia, other penal institutions might be located upon the Virginia side of the river.

"The present separate seat law for white and colored persons would not be operative if the county were under District law

"Authorities of the District do not show proper consideration for the citizenship. When citizens asked to be heard before water rates were raised, the citizens were told it was none of their business.

"Lights in Good Hope Road, Anacostia, were discontinued against the citizens' protest, while lights upon the Avenue of the Presidents were increased."

# DRANK CARBOLIC ACID

William Levell, Colored, Mistakes Deadly Fluid for Gin with Fatal Result

A coroner's inquest was held this afternoon at 2:30 o'clock by City Coroner T. Marshall Jones, to investigate the circumstances surrounding the death of William Levell, a well known colored man, at the Alexandria Hospital early this morning. Levell was brought to the hospital shortly before 12 o'clock last night by four colored men in an unconscious condition. He was suffering from carbolic acid poisoning.

According to the story of the men, Levell took the poison by accident. He was drinking with a number of men and women at a house located at 806 Wolfe street. One of the men, William Reynolds, had a half full bottle of carbolic acid and Levell, thinking that it was gin, grabbed it from his hand and drank half of the contents. The police made a search for Reynolds this morning but were unable to locate him.

Levell died at the hospital in an hour's time without regaining consciousness.

The jury was composed of W. S. Connelly, J. B. Martin, Herman Friedlander, Herbert Knight, R. Cleveland and Charles Post.

### SUICIDE IN A CELL.

**Young Man Used His Belt to End Life After Being Arrested.**

Norfolk, Va., March 11.—Placed in a cell at police headquarters yesterday morning at 7:15 o'clock, on a charge of being drunk, Robert Quidley, a young white man living in Berkley Ward, was found hanging from the ceiling with a belt around his neck, forty-five minutes later, and before 8:30 o'clock he was dead.

Quidley was arrested on complaint of J. T. Morrison, of 215 Bank St. Mr. Morrison told the police that Quidley came to his house early yestetrday morning and started a row. When he was ordered out he threatened to shoot Mr. Morrison, was the charge, so the intruder was placed under arrest and put in a cell by Turnkey Woodhouse.

When the court officer went to the cell room at 8 o'clock to call the prisoners and check them up, he found Quigley hanging from the ceiling. The man was immediately cut down and it was found that his heart was still beating. Dr. Sutton was summoned and although he responded immediately, sent Quigley to the St. Vincent's Hospital as soon as he ascertained the man's condition. Quidley died on the way to the hospital.

It was found upon investigation that Quidley had slipped the leather belt from around his waist, and after placing a noose around his neck, tied to the ned to the ceiling of his cell. When the belt was removed there were no scars, it was said, and the man's tongue was not protruding as is usually the case when strangulation occurs.

Quidley had been in the Police Court several times and one of the charges against him had been that of robbing gas meters.

### PICKS UP 27 BARRELS OF CRABS.

**Crustaceans Frozen Found by Fishermen at Buckroe Beach Bring Four Dollars a Barrel.**

Hampton, Va., March 11.—Captain John E. Foster, one of the oldest fishermen actively engaged in the business, and who lives with his family at Buckroe Beach, picked up 27 barrels of crabs a few days ago on the beach. The crabs were frozen from the icy waters of the bay and were thrown up by the action of the waters and lay in great numbers along the shore in a dormant state. Two small it is taken into consideration that the crabs are bringing $400 a barrel the find was quite a lucrative one.

Captain Foster says that it is the first time in his memory that such a thing has happened. It will be remembered that after a severe storm last August Buckroe Beach was strewn with thousands of clans which yielded a handsome revenue to the gatherers.

### PISTOL DUEL ON TRAIN.

**One Man Killed, Another Dying and Two Severely Wounded.**

Welch, W. Va., March 11.—R. L. Taylor, a deputy sheriff of McDowell county, is dead: A. D. Beavers, a former United States Deputy Marshal, is dying, and D. W. Beavers, a deputy sheriff, and T. E. Hickey are seriously wounded as a result of a pistol battle on a Norfolk and Western train yesterday between Ineger and Berwind, W. Va.

The men had been drinking, it is reported, and when they boarded the Dry Fork train trouble arose and pistols were drawn. The shooting soon became general. Bullets flew thick and fast for 30 minutes.

After Taylor was killed, "Bob" Evans, a passenger, and friend of the deputy sheriff, opened fire on A. D. Beavers, inflicting probably a fatal wound.

The car was filled with passengers and a panic ensued. The duelists, however, shot true for the most part, and only one noncombatant, T. E. Hickey, was wounded.

The train was stopped and a posse of passengers led by a special officer entered the car and arrested those still living who had taken part in the fight. Deputy Sheriff Taylor was dead when the posse reached him. He is said to have been shot four or five times by the Beavers.

A. D. Beavers was shot through the body, his brother in the body and leg and Hinkle in the body. Evans was not hurt. The wounded men were brought under guard to a hospital here and Evans was placed in jail.

The participants were prominent in the coal district and the officers are said to have had excellent records.

## OPPOSITION TO RETROCESSION.

The scales seem to have suddenly fallen from the eyes of most residents of Alexandria county who a short time ago were enthused with the suggestion that that portion of Virginia should be incorporated in the District of Columbia. The resolutions of people of the county, published else where in the Gazette, will doubtless cause some smiles to residents of Alexandria city, the majority of whom have always been averse to leaving the jurisdiction of old Virginia.

Retrocession fever has raged at times since the close of the civil war It was started at that time by disappointed politicians who had been unhorsed at the first election in this city after the close of hostilities.

During the four years' strife Alexandrians native and to the manner born were relegated to the rear by adventurers from other places who followed the army to Alexandria, together with certain residents who allied themselves with the strangers When Alexandrians returned from the South and exercised their privilege to vote, residents of this city resumed the reins of government. About this time retrocession fever appeared. The State was out of the Union at the times and the government could have placed the city and county under the jurisdiction of the District of Columbia with but little formality. Congress, however, paid but little attention to the pleas of the disappointed ones, and, while the epidemic was finally allayed, cases were occasionally reported of persons who had grown tired of the jurisdiction of the Old Dominion .

Of late the malady has been more pronounced in the county than in the city, but from the resolutions preferred to most people in that section now desire the effectual eradication of the idea that the people would be more satisfied under the District of Columbia than the State of Virginia.

## ECLIPSE OF MOON TONIGHT.

### Only Small Portion of Lunar Sphere Will be Visible at 11:13.

The first of the two eclipses of the moon visible in Alexandria during the year 1914, and the only one which approaches totality, will take place tonight. The moon will begin passing into the visible shadow at 9:42 and will be free of the shadow at 12:44. At 11:13 only a very small portion of the moon can be seen. According to calculations of the Naval Observatory the shadow will cover about 91 1-2 per cent of the moon's surface.

Tonight's eclipse will be visible during its early stages generally in North and South America, Europe, Africa and the central portions of the Pacific Ocean. Its ending will be visible in Western Europe, western Africa, North and South America, and the central and eastern portions of the Pacic Ocean.

Ordinarily there are two lunar and two solar eclipses in a year. Sometimes, however, a year passes with no lunar eclipse and again a year may contain three. The second lunar eclipse, a partial one, will take place September 4.

## FIRE ON STRIKERS.

### Many Persons Wounded in Conflicts With Troops and Police in Rome.

Rome, March 11.—Disorders incident to the general strike, which began Monday morning, prevailed throughout yesterday. The city was in partial darkness, due to a majority of electrical workers having struck. In conflicts between the strikers and the troops and police 30 persons were wounded Monday.

Yesterday a large number of strikers were shot and one was reported killed in a serious affray with the police. The mounted policeman fired volleys of ball cartridges into the crowd.

A meeting of 100,000 workmen was held on the piazza del Popolo in the morning. Fiery speeches were delivered from several platforms, and a resolution was passed demanding that the public hospitals be re-organized for the benefit of the working classes. The ostensible reason for the strike was to protest against changes recently introduced in the hospitals. The authorities, however, believe the movement to be the outgrowth of a desire of the leaders of the workmen to test the strength of their organizations.

The entire garrison and police force is on duty. Besides these 15,000 men, several regiments were brought in from the provinces. Every strategical point in the city is occupied with soldiers, and squadrons of cavalry patrol the main thoroughfares.

Several parties hired private carriages and automobiles to proceed to the Vatican for an audience with the Pope. They were hissed and threatened by the crowds of union sympathizers.

## VIRGINIAN KILLED BY CAR.

### Clarence Shepherd, of Virginia, Was Walking to Washington.

Baltimore, March 11.—Clarence Shepherd, 28 years old, of Bancroft, Va., was killed yesterday by being struck by a passenger car of the Washington, Baltimore and Annapolis Electric Railway near the Patapsco river bridge, in Baltimore county.

Justice Hull, of Mount Winans, made an investigation and learned that Shepherd had been to Baltimore and becoming stranded started to walk to Washington. He stepped from one track to get out of the way of a passenger car when the freight car, coming in the opposite direction, struck him.

A jury of inquest gave a verdict of accidental death and exonerated the crews of the car.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

## NEWS OF THE DAY

Senator John W. Kern, of Indiana, leader of the Democratic majority in the Senate, was asked yesterday by representatives of labor unions in Indianapolis and friends of the convicted dynamiters to present to the President a petition for pardon or commutation of sentences for those whose sentences were affirmed by the Supreme Court Monday. The Senator probably will present the petition. He defended the men in the trials at Indianapolis before Judge Anderson, which resulted in their conviction.

Frank Tannenbaum, the youthful leader of the army of the unemployed of the Industrial Workers of the World, who, with nearly 200 of his followers, was arrested after the invasion of a Catholic Church in New York was indicted by the grand jury yesterday. The indictment charges misdemeanor, in that Tannenbaum participated in an unlawful assembly.

The professionally unemployed I. W. W. agitators and their followers were received with open arms last night in St. George's Church, New York, which members among its membership J. P. Morgan, R. Fulton Cutting, William E. Curtiss, Herbert L. Satterlee, nad many more of the city's wealthiest men. On the way to St. George's Church there was a halt and several philanthropists, headed by Mrs. Ann Peck Fite and Miss Tracy Mygatt, assisted in the serving of the finest meal the "army" has yet partaken of. Afterward the diners strolled over to the St. George Memorial House. Half of the men slept on hard pine chairs in the lecture room. The overflow were taken to a lodging house.

Despiriting weather conditions were held responsible for three suicides in New York. The victims were Mrs. John Conwell, aged seventy; John Conwell, her son, aged forty-three, and Adeline De Angelis, aged nineteen. All used gas to end their lives.

The proposed amendment to the Constitution which would give women the right to vote passed the Massachusetts State Senate yesterday by a vote of 32 to 2, with one pair. This is the first time such an amendment has ever passed either branch of the Legislature. It now goes to the House, but before it can become a law must be acted upon favorably by two successive Legislatures, and then be accepted by the voters.

"Toxic poisoning" caused the death of seven men who were treated for blood disease at the county hospital recently, according to a report post mortem surgeons submitted yesterday to Coroner Hartwell, at Los Angeles, Cal. A serum was administered to eight male patients at the county hospital last Saturday. Four died last night and three on Sunday. The eighth was alive yesterday and some hope was held for his recovery. Coroner Hartwell said he hoped the county grand jury would begin an investigation and determine if any criminality were involved.

New steel cars shops will be erected at Knoxville, Tenn., by the Southern Railway with part of the $15,0000,000 bond issue recently made by the railway. New shops will also be erected at Birmingham and the yards of the road will be removed from Memphis to Buntyn, a suburb.

Five hundred men and women passengers on a subway train in New York were thrown into a panic yesterday when it short-circuited and went dead under the East River. Blinding flashes of flame shot from the third rail. The guards were unable to control the frightened passengers who threw open the doors and tramped back to the nearest Brooklyn station. Traffic was at a standstill for half an hour.

CAT ATTACKS CHILDREN.

Kingston, N. C., March 11.—While the dead body of Lemuel Byrd, their grandfather, lay in the house awaiting burial, Collin, aged 5, and Francis, children of George Byrd, an Institute township planter, were attacked by a mad cat, according to a report which reached here yesterday. One child was bitten in the face and another on the hand. The animal was killed. Negroes of a family living close by stated that the cat had been attacking domestic animals on their place and afraid the feline was rabid the father of the Byrd children decided to investigate. His fears were confirmed when the Pasteur Institute at Raleigh, examining the cat's head, stated that it was afflicted with rabies. The children are being treated.

We Promise You Relief from All Stomach Troubles Or Your Money Back

We honestly believe we have the best remedy in the world for indigestion and dyspepsia. We urge you to try it at our risk. If it doesn't relieve you—as we feel sure it will—we'll give back your money without a word. You know us—your family druggist. You know we wouldn't dare recommend anything we didn't know about, nor dare to break a promise. Therefore, when we recommend any remedy it is because we believe it to be better than any other to relieve the ailment for which it is made, and when we prove our faith in it and our sincerity toward you by promising to give back your money if it doesn't relieve you and in every way satisfy you, you have no possible excuse for doubt or hesitation.

Rexall Dyspepsia Tablets

are, we honestly believe, the best remedy made for Indigestion, Dyspepsia and all other Stomach Ills

We Know They're Good

Rexall Dyspepsia Tablets, in addition to other ingredients, contain Pepsin and Bismuth, two great digestive aids used by the entire medical profession. They soothe the inflamed stomach, check the heartburn and distress, stimulate a healthy secretion of the gastric juice, aid in rapid and comfortable digestion of the food and help to quickly convert it into rich red blood, and thereby into flesh, bone and muscle. They relieve stomach distress promptly, and, used regularly for a short time, tend to restore the stomach to a comfortable, easy-acting, healthy state. They aid greatly to promote regular bowel action.

Delays Are Dangerous

Don't neglect indigestion, for it frequently leads to all sorts of ills and complications. The pain and discomfort is not the most unfortunate part. The fact that when the stomach is not acting right, the material needed to repair the wastes that are constantly taking place in the body is not being given to the blood either in the proper condition or fast enough is far more serious. Nothing will cause more trouble than an unhealthy stomach. The blues, debility, lack of strength and energy, constipation, biliousness, headaches and scores of other serious ailments result from the failure of the stomach to properly do its work.

You Risk No Money

Our willingness to have you use Rexall Dyspepsia Tablets entirely at our risk proves our faith in them. We always sell them this way, and it is because we know that they have greatly benefited scores of sufferers to whom we have sold them. There's no red tape about our guarantee. It means just what it says. We'll ask you no questions. You needn't sign anything. Your word is enough for us. We know that when they help you you will consider it money well spent even if they had cost you ten times as much. If they don't help you, the money you paid for them is yours, and we want you to have it.

Sold only at the more than 7,000 Rexall Stores—the World's Greatest Drug Stores. In convenient boxes—three sizes: 25c, 50c, $1.00

The Open Door

The retail merchant who has Bell telephone service has an always-open door. In stormy weather and in sunshine the telephone provides a means of receiving orders.

Then, there is the convenience of it to the retail merchant in placing rush orders with the wholesale house.

Lastly, the telephone in a retail store gives that store a certain prestige over the stores without telephone service.

## PERTINENT QUESTIONS.

### Virginia Senators Want to Know Why Republicans Are Still in Office.

Washington, March 11.—Senators Martin and Swanson had a talk of at least a half an hour with President Wilson Monday at the White House, setting before him the Virginia patronage situation from their point of view.

After the interview the senators said that they had received no definite satisfaction, the President simply promising to give the patronage matter his attention, but not indicating what he would do or when he would act. They said they had done most of the talking, while Mr. Wilson had contented himself chiefly with listening.

The senators laid emphasis in their remarks to the President upon the fact that Republicans are still enjoying practicallly all of the big federal offices in the Old Dominion, although the administration is more than a year old. They mentioned particularly the fact that the term of the Republican incumbent as district attorney for the Western district expired today, with nobody nominated to relieve him, in spite of the circumstances that Richard E .Byrd, of Winchester, who managed the Wilson preconvention campaign in Virginia, has the endorsement of the senators for the position and is ready to accept it.

There has been an impression that Mr. Byrd can get this place whenever he said the word, but from the statement of the senators today it seems that Mr. Byrd is being compelled to wait until the atmosphere is cleared with regard to other places in dispute between the factions.

In the meanwhile, the Senate committee on postoffices, of which Senator Swanson is a member, has not acted on the nominations which the President made some time ago of anti organization men for postmasters at Danville and Tazewell. No reference was made to these cases in today's discussion with the President.
